SUMMARY

Detail-oriented Data Analyst with 3+ years of experience in data analysis, reporting, and dashboard development. Proficient in Excel, Power BI, SQL, and data visualization, with a strong ability to collect, validate, and transform data into actionable insights. Experienced in working with cross-functional stakeholders, improving data quality, and automating reporting processes. Adept at presenting data-driven insights through clear visual storytelling and structured analysis.

PROFESSIONAL EXPERIENCE

Allianz Services
BI Developer

April 2023 – Present

- Collected, validated, and analyzed large datasets from multiple sources to support business decision-making.
- Developed and maintained interactive dashboards using Power BI and MicroStrategy, improving reporting efficiency by 30%.
- Built optimized data models and SQL queries, reducing dashboard refresh time by 25%.
- Transformed complex datasets into clear insights and presentations for stakeholders across operations, finance, and product teams.
- Automated recurring reporting processes using Python, Alteryx, and Excel, reducing manual effort and increasing accuracy.
- Improved data quality through validation checks, reconciliation processes, and standardized workflows.
- Collaborated with stakeholders to gather requirements and deliver structured, data-driven solutions.
- Created documentation and SOPs to enhance reporting consistency and knowledge sharing.
- Worked in an Agile environment with iterative delivery and continuous improvement.

Allianz Services

Nov 2022 – Mar 2023

Intern – Business Analytics

- Supported data collection, analysis, and reporting for internal business teams.
- Built Excel dashboards to track sales and profit performance.
- Developed a Voice of Customer (VoC) chatbot using NLP techniques:
 - Automated sentiment analysis (positive, negative, neutral)
 - Identified key themes and generated summarized insights
- Improved efficiency of feedback analysis and reporting

EDUCATION

MSc Computer Science (Data Analytics)

2021 - 2023

Completed with 71% from Rajagiri College of Social Sciences - MG University

BSc Mathematics

2018 - 2021

Completed with 80% from N S S Hindu College - MG University

TECHNICAL SKILLS

Data Analysis & Reporting : Excel, Power BI, SQL, MicroStrategy

Data Processing & Tools : Python, Alteryx, SAS, Power Query

Databases & Cloud : SQL Server, Snowflake, Azure, Databricks

Core Skills : Data Collection, Data Validation, Data Quality Improvement, Data Visualization, Dashboard Development, Stakeholder Communication, ETL, Reporting Automation

CERTIFICATIONS

- Microsoft Power BI Data Analyst Professional Certificate
- MicroStrategy Departmental Analyst
- Alteryx Masterclass
- Python Pro Bootcamp
