SUMMARY

Data Analyst with 3+ years of experience in designing and delivering data-driven solutions across financial, sales, and operational datasets. Expertise in Power BI, SQL, DAX, and advanced Excel, with strong capabilities in data modelling, ETL processes, and dashboard development. Proven ability to support ERP systems, automate reporting workflows, and deliver actionable insights. Experienced in stakeholder engagement, ad-hoc reporting, and ensuring data accuracy, security, and integrity across enterprise systems.

PROFESSIONAL EXPERIENCE

Allianz Services
BI Developer

April 2023 – Present

- Designed, developed, and maintained interactive dashboards using Power BI and MicroStrategy across financial and operational datasets
- Built optimized data models and DAX measures, improving reporting performance and reducing refresh time
- Wrote complex SQL queries to extract, transform, and analyse large datasets from multiple systems
- Integrated data from various sources including SQL Server, Excel, and Azure platforms to ensure reliable reporting
- Automated BAU and ad-hoc reporting using Python, Alteryx, and Power Automate, reducing manual effort
- Supported ETL processes, including data extraction, transformation, and batch processing workflows
- Ensured data accuracy, validation, and security controls across reporting systems
- Collaborated with stakeholders to gather requirements and deliver business-aligned reporting solutions
- Provided data support and troubleshooting for reporting and system-related issues
- Created SOPs and documentation to improve reporting scalability and governance
- Worked in Agile environments with sprint-based delivery

Allianz Services
Intern – Business Analytics

Nov 2022 – Mar 2023

- Developed Excel dashboards for sales and profit reporting using advanced formulas and pivot tables
- Conducted ad-hoc data analysis to support business teams
- Built a Voice of Customer (VoC) NLP chatbot, automating sentiment analysis and reporting
- Supported teams with data preparation, documentation, and reporting workflows

EDUCATION

MSc Computer Science (Data Analytics)

2021 - 2023

Completed with 71% from Rajagiri College of Social Sciences - MG University

BSc Mathematics

2018 - 2021

Completed with 80% from N S S Hindu College - MG University

TECHNICAL SKILLS

BI & Reporting: Power BI, DAX, MicroStrategy, Excel (Advanced), JET Reports (basic knowledge)

Data & Databases: SQL Server, Snowflake, Azure, Databricks

Power Platform & Tools: Power Automate, SharePoint, Alteryx, SAS, DAX Studio

Core Skills: Data Modelling, ETL Processes, Data Analysis, Data Visualization, Stakeholder Management, Ad-hoc Reporting, Data Governance, Process Automation

Programming: Python, SQL

Additional Exposure: ERP Systems (data handling & reporting support), AWS, AI tools

CERTIFICATIONS

- Microsoft Power BI Data Analyst Professional Certificate
- MicroStrategy Departmental Analyst
- Alteryx Masterclass
- Python Pro Bootcamp
